BinaxNOW™ COVID-19 Ag Card External Quality Control Log**

Abbott recommends that external positive and negative controls be run:

- Once with each new shipment received
- Once for each untrained operator
- When required by local, state, and/or federal regulations, accrediting groups, or your lab's Quality Control procedures

If the expected external control results are not obtained, do not report patient results. Contact Technical Service at 800-257-9525.
