

Protect Yourself from Hepatitis

Do you need to be vaccinated against hepatitis B?

Answer the following questions to find out!

- Is your partner (i.e. wife, husband, girlfriend, boyfriend) living with hepatitis B?
- Is someone in your house living with hepatitis B?
- Have you had more than one sexual partner in the past 6 months?
- Are you seeking evaluation or treatment for a sexually transmitted disease?
- Are you a healthcare or a public safety worker who may be exposed to blood or infectious body fluids?
- Do you live or work in a facility for developmentally disabled persons?
- Do you have hepatitis C, chronic (long-term) liver disease, end-stage renal disease, or HIV?
- Are you planning to travel to a country where at least two percent of the population has hepatitis B (Asia, Africa, the Amazon Basin in South America, the Pacific Islands, Eastern Europe or the Middle East)?
- Do you wish to be protected from hepatitis B infection?

If you answered YES to any above, protect yourself with an easy, safe vaccination for hepatitis B!
