

COVID-19 Vaccine Incentive Calendar

Eligible residents can get \$100 for getting fully vaccinated

Residents are eligible at the time they receive a single dose of J&J or a second dose of Pfizer or Moderna.

Go to one of these participating PDPH COVID-19 vaccine clinics and sign up to receive your incentive by email within 1-2 days or by mail within 10 - 14 days.

The program starts on February 16th and will continue for 6 weeks.

Pfizer (ages 5+), Moderna and Johnson & Johnson (ages 18+) vaccine offered

COVID-19 Vaccine Incentive Program

What is the COVID-19 Vaccine Incentive Program?

- Eligible residents can sign up to get \$100 for getting fully vaccinated.
 - Residents are eligible at the time they receive a single dose of J&J or a second dose of Pfizer or Moderna.
 - More information at: <http://bit.ly/fullyvaccinatedincentive>

YOU WILL NOT RECEIVE \$100 THE DAY YOU GET VACCINATED AND THERE ARE NO CASH OR CARDS ON SITE.

Eligible for the Incentive	Not Eligible for the Incentive
Receiving your first dose of J&J Receiving your second dose of Pfizer or Moderna *Please bring proof of your 1st vaccine or, if you were vaccinated in Philly, we can look up your vaccine record.	Receiving your first dose of the Pfizer or Moderna vaccine Receiving a booster dose of Pfizer, Moderna, or J&J You are under 18 and do not have a parent or guardian present You are not a resident of Philadelphia *A piece of mail with your name and Philadelphia address is fine You are a City employee

Children ages 11 and older can consent for vaccine by themselves; can they get the incentive?

- Yes, children ages 5 - 17 can receive this incentive, but a parent or guardian must be present to consent to the incentive.

Can I get an incentive anywhere vaccine is offered in Philadelphia?

- Unfortunately, funds are limited. Incentives are only offered at the sites on the back of this page and at <http://bit.ly/fullyvaccinatedincentive>

Why is PDPH offering money for people to get vaccinated now and why is the incentive not offered for people getting a first dose of a 2-dose vaccine?

- Many Philadelphians have already received their first dose. For many reasons, not everyone has been fully vaccinated.
- In Philadelphia, people who are not fully vaccinated are still at high-risk of getting sick with COVID-19, being hospitalized with COVID-19, or passing the virus to others.
- We want to encourage people to take the next step and get fully vaccinated.

Why are you offering J&J when there are some safety concerns about this vaccine?

- J&J provides adequate protection against COVID-19. It is being offered for those who are unwilling or unable to get vaccinated with a two-dose vaccine (Pfizer or Moderna).

What about all the people who are already fully vaccinated; will they also get \$100?

- At this point in the pandemic, the best way to protect everyone in our community and get closer to the pandemic being over is for more people to become fully vaccinated.
 - That is why the incentive is only available to people receiving their only dose of J&J or second dose of Pfizer or Moderna.
